NORMAL CARE INSTRUCTIONS: Spot clean with upholstery shampoo, foam from a mild detergent, or mild cleaning solvent. Pretest a small, inconspicuous area before proceeding. Do not saturate. Pile fabrics may require brushing with a non-metallic, stiff-bristle brush to restore appearance. Hot water extraction or steam cleaning is not a recommended cleaning method. Cushion casings should not be removed and laundered or dry-cleaned. To prevent overall soiling, frequent vacuuming or light brushing with a non-metallic, stiff-bristle brush to remove dust and grime is recommended. When cleaning a spill, blot immediately to remove spilled material. Clean spots or stains from the outside to the middle of affected area to prevent circling. Use a professional furniture cleaning service when an overall soiled condition has been reached.

LebaTex recommends the end use of a product as specified on the spec sheet only. It is the customer's responsibility to determine code compliance if a product is to be used in a way other than its recommended end use. If a product is ultimately selected and installed in an application that it was not intended for, all liability falls to the customer.
